PROFILE

Mechanical engineer and founder/project director with 16+ years in industrial and infrastructure operations and more than a decade coordinating project delivery, tenders, engineering documentation and multidisciplinary teams. Experience spans water and wastewater treatment, RO systems, equipment packages, purchasing, subcontractors, schedules and client coordination. Some engineering assignments were delivered with partner companies.

RELEVANT EXPERIENCE

Saman Monavar Ostovar | Founder & Project Director | 2015–Present

Coordinated engineering contracting, technical teams, tenders, procurement, subcontractors, scheduling, budgets and client documentation for water/wastewater and industrial projects.

Engineering Contractors | Project, Tender & Technical Coordination | Before 2015

Worked with companies including Arman Tadbir, Kimiab Kavir and Shahr Ab on engineering documentation, treatment systems, design and implementation coordination.

Industrial Production & Mechanical Design | Earlier Roles

Prepared manufacturing and assembly drawings, mechanical designs and practical engineering documentation for industrial operations.

CORE CAPABILITIES

- EPC coordination, technical proposals, tender documents, cost estimates and contract administration
- Water/wastewater technologies: ABR, extended aeration, RO and surface-water treatment packages
- AutoCAD, SolidWorks, CATIA, MS Project, Excel; client, contractor and supplier coordination
- Reporting, process mapping, procurement control and document traceability

SELECTED EVIDENCE

- Salehi Food Industries — industrial wastewater treatment: ABR + extended aeration (partner project)
- MAPNA — 20 m^3/h RO system: design and modeling with Kimiab Kavir
- Sarabi Dam — surface-water treatment package: design, manufacture and installation
- Full documented cases — https://profile-morteza.netlify.app/work/engineering/

EDUCATION & LANGUAGES

BSc Mechanical Engineering (Solid Design), Islamic Azad University, Qazvin (2009). Associate Degree, Machine Tools, University of Applied Science and Technology, Qazvin (2006).
